To whom it may concern:

I am writing this reference at request of Mr Huy (Le Anh Huy) who apply for **Senior .NET Developer position** in your organization. During 3 years from 2007 to 2009, I worked closely with him for Thien Long Manufacturing & Trading Corporation. He was one of my subordinates.

His working progress in Thien Long as a software engineer comprised two stages. First, he was the software team leader for one year and then became an ERP project team member. After leaving Thien Long, we have maintained good relationship.

I consider Mr Huy as a software engineer with solid background. He had always analyzed, planned and well document for all tasks. When assigned any to him, I believed that It had been done one time with good quality.

He is person that is willing to new challenges and he has the ability to approach to new domains/technologies efficiently.

According to what I know about Mr Huy, I believe that he is an appropriate candidate for the job.

If you have any additional questions, please do not hesitate to call me.

Your truly,
